TECHNICAL INFORMATION

Defoamer

Description

A general purpose silicone based anti-foam.

Features & Benefits

- A concentrated silicone based additive specifically designed to counter-act excessive foaming generated as a result of interactions between alkaline detergents and soil.
- Effective foam control.
- Suitable for use on food contact surfaces.
- Liquid product can be used manually or auto-dosed.
- May be used anywhere where foam control is required including dish washing and laundry applications.

Use Instructions

- Use Defoamer at concentrations between 0.1 and 0.2% depending on the degree of foaming.

Safe Handling and Storage

- See visual information to right.
- Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.
- Store in original container.
- Avoid extremes of temperature.

Materials Compatibility

Non-corrosive toward mild and stainless steel, polythene, polypropylene, crockery and soft metals at in use concentrations.

HAZARD AS SUPPLIED

Not classified. Wear gloves for prolonged use

HAZARD WHEN USED AT RECOMMENDED DILUTION

Not classified. Wear gloves for prolonged use

Technical Information

Appearance	White Liquid
pH (100%)	4.0 –6.0
Relative Density	1.00
Odour	Characteristic
Solubility	Fully miscible in water

The above data is typical of normal production and should not be taken as a specification
