TECHNICAL INFORMATION

Concentrated Bio Laundry Powder

Description

A powerful blend of detergents, alkalis, water conditioners, enzymes and brighteners to enable the removal of soiling from all types of fabrics.

Features & Benefits

- Suitable for use in both domestic and commercial laundry machines.
- Can be used in all water conditions.
- Complex blend of surfactants, sequestrants and anti-greying agents.
- Very effective at low temperatures of 30°C.
- Prevents greying of linen.
- Suitable for washing delicates and coloureds.
- Effective on proteinaceous soil (e.g. blood and food stains).

Use Instructions

Manual Dosing

Dose at the rate shown depending on level of soiling and water hardness. Dose rates are shown g per kg of dry fabric weight.

Soil Level	Dosage g/Kg
Light	10
Medium	12
Heavy	15

HAZARD AS SUPPLIED

Causes skin irritation.
Causes serious eye damage

HAZARD WHEN USED AT RECOMMENDED DILUTION

Not classified. Avoid contact with eyes

For Best Results

- Use softened water.
- Segregate polyester cotton articles from other articles and wash separately.
- Separate white and coloured goods.
- Sub-sort into light, medium and heavily soiled articles.

Safe Handling and Storage

- See visual information on page 1.
- Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.
- Store in original container.
- Avoid extremes of temperature.

Technical Information

Appearance	White Powder
pH (1%)	10.0 - 11.4
Relative Density	N/A
Odour	Characteristic
Solubility	Fully miscible in water
