## TECHNICAL INFORMATION

# Limescale Remover

### Product Description

Limescale Remover is an acidic cleaner for the removal of limescale from kitchen equipment, utensils and dishwashing machines.

#### Features & Benefits

- Fast effective removal of limescale.
- Concentrated blend of inorganic acids and non-ionic surfactants.
- Suitable for removing hard water scales and other inorganic deposits from dishwashers, coffee/tea urns, vending machines and other water using equipment.

### Use Instructions

#### Descaling

1. Add solution to the article to be cleaned, for best results heat the solution to 50°C.
2. Leave to soak until all scale has been removed.
3. Rinse out thoroughly with clean water.
4. To ensure no product residue remains a further second rinse is recommended.

**(CAUTION: Contains hydrochloric acid, use with caution on hydrochloric acid sensitive surfaces - may discolour stainless steel. If unsure pre-test surfaces prior to use. If a less aggressive product is required 10H Kettle & Washroom Descaler may be used.)**

Scale Level	Concentration
Heavy Scaling	Use Neat
Light Scaling	Dilute with up to 4 parts water

### HAZARD AS SUPPLIED

Causes severe skin burns and eye damage

### HAZARD WHEN USED AT RECOMMENDED DILUTION

Causes severe skin burns and eye damage

### Dishwashing machine descaling

1. Switch off dosing equipment.
2. Fill dishwasher with fresh water.
3. Add 200ml of Limescale Remover to the water.
4. Circulate the solution for 10-15 minutes.
5. Drain and inspect for complete limescale removal.
6. Repeat if required.
7. Fill dishwasher with fresh water and circulate with water only for 10 – 15 minutes.
8. Allow to dry leaving door open.
9. Switch on dosing equipment.

### Technical Information

Appearance	Red Liquid
pH (100%)	<1
Relative Density	1.09
Odour	Characteristic
Solubility	Fully miscible in water

The above data is typical of normal production and should not be taken as a specification

### Safe Handling and Storage

- See visual information on page 1.
- Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.
- Store in original container.
- Avoid extremes of temperature.

### Materials Compatibility

Do not use on acid-sensitive surfaces, e.g. enamel, marble, grouting or tiles. Immediately remove any drops or splashes from acid-sensitive surfaces and rinse thoroughly with water. Do not mix with bleach or other cleaning products. Test material compatibility in a small, inconspicuous place before use.
