

TECHNICAL INFORMATION

Bio Sanitiser

Description

A low toxicity dual purpose product which cleans and sanitises all hard surfaces such as floors, paintwork, working surfaces stainless steel etc. in one operation. Bio Sanitiser can also be used as a sanitiser for soft furnishings.

Features & Benefits

- An excellent general-purpose sanitiser based on a natural organic biocide and plants extracts.
- Suitable for use on all types of hard surfaces including plastics, laminates, glass and stainless steel.
- Efficiently hinders lime scale build-up.
- Can be used for cleaning and sanitising food utensils, glasses, crockery and all types of kitchen equipment.
- Suitable for use in high risk infection areas e.g. public washrooms, healthcare environments.
- Proven to be an outstanding disinfectant.

Use Instructions

General Cleaning and Disinfection

1. Use neat.
2. For heavily soiled areas, pre clean surfaces.
3. Apply via trigger spray, cloth or brush.
4. Leave for at least 30 seconds and wipe with a clean cloth.

Sanitising of Soft Furnishings

1. Use neat.
2. From a distance spray lightly over the item taking care not to over-wet the fabric.
3. Allow the item to fully air dry before reuse.

Test the product in an inconspicuous area for any incompatibility issues before widespread use.

HAZARD AS SUPPLIED

Causes skin irritation.
Causes serious eye damage.

HAZARD WHEN USED AT RECOMMENDED DILUTION

Causes skin irritation.
Causes serious eye damage.

Technical Information

Appearance	Pale brown liquid
pH:	<5.0
Relative Density	1.01
Odour	Characteristic
Solubility	Fully miscible in water

The above data is typical of normal production and should not be taken as a specification

Safe Handling and Storage

- See visual information on page 1.
- Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.
- Store in original container.
- Avoid extremes of temperature.

Materials Compatibility

Under recommended conditions of use suitable for use on most materials commonly encountered. Do not use on marble or other acid sensitive materials.

Other Information

Do not mix with conventional detergents as they may reduce product effectiveness.

Efficacy Data

Tested independently in accordance with:

- **EN 1276** Bacterial action against *Pseudomonas aeruginosa*, *Escherichia coli*, *Staphylococcus aureus*, *Enterococcus hirae*, 30 seconds, dirty conditions.
- **EN 13704** Sporicidal activity against *Clostridium difficile*, 5 minutes, clean conditions.
- **EN14476** Virucidal activity against Norovirus, Hepatitis C, 5 minutes, clean conditions.
- **EN14476** Virucidal activity against HIV, 15 minutes, clean conditions.
- **EN14476** Virucidal activity against enveloped viruses including coronaviruses, 5 minutes, clean conditions.
- **EN13727** Bacterial action against the NDM1 bacterial strain, 1 minute, dirty conditions.
- **TES-S-004**: Triangle test for potential taint due to contact with materials.

A summary of the tests is available on request.
